1. [ ] who is retiring from the Office of the Comptroller, was in for a brief chat. His attitude toward the Agency as he leaves is excellent.

2. Ed Saunders advised me that the Inspector General had instituted a program of interviewing all overseas returnees.

3. Ed also said that Bob Macy, Bureau of the Budget, had indicated that he would like to see the "46 questions" which the House Appropriations Committee had asked us for and our responses thereto. Ed had cleared this with the Director prior to his departure for Europe and his question to me was whether or not he should take the initiative in getting in touch with Mr. Macy. I advised him to leave this to Macy.

4. [ ] reported that two GSA guards at [ ] had been picked up for stealing from GSA warehouses. There may be other guards involved, and since they also protect our warehouse they may have taken something from it. Stan Grogan has been notified in case there is any publicity. 25X1A6a
